

Purple ICE^{Lite}

Practice & Patient Management Software

Purple Ice is a simple and comprehensive Practice & Patient Management Software. This software has been designed & developed in consultation with many professional practitioners from around the world so as to satisfy all the daily requirements of a private practice such as Appointment Scheduling and Review, Billing, Patient Record maintenance... etc . Manual records are out dated and occupy a lot of space in a clinic and can become a hindrance during regular practice . Our software eliminates the need for manual records and enables you to access patient records at the click of a button.

- Low Cost - High Performance
- Simple to Use
- **ZERO** Maintenance Cost
- Easy Installation
- Unlimited Patient Records
- Barcode Enabled
- SMS Alerts
